OBJECTIVE

Aspiring Full Stack Developer with hands-on experience in the MERN stack, Java, Spring Boot, and React Native. Seeking an opportunity to contribute to innovative and scalable software solutions in a dynamic team environment, while continuously learning and enhancing my skills in full-stack and mobile application development.

SKILLS

- MERN Stack
- Java
- Mysql
- React Native

INTERNSHIP AND CERTIFICATION

Software Development Intern | Renambl Technology

Duration : Feb 2025 to Apr 2025

- Worked with React, React Native, Express.js, and MongoDB to build secure, scalable, and userfriendly applications.
- Gained experience in secure authentication using JWT, bcrypt for password encryption, and API development using Express.js.

Java Full Stack Developer Certification | Besant Technology

Duration : July 2024 to January 2024

- Worked with React, Java , Mysql and Spring Boot to build secure, scalable, and userfriendly applications.

PROJECTS

Anime Page – MERN Stack | GitHub

- Full-stack Anime info app with trailers, characters, and watchlist functionality.
- Implemented JWT-based user authentication and MongoDB aggregation queries.

Book Store – Spring Boot, Thymeleaf, MySQL | GitHub

- Managed book records using CRUD operations, Spring MVC, and MySQL database.
- Used Apache Maven and Thymeleaf for seamless backend-frontend integration.

Support Staff Application – React Native, Express.js, MongoDB | GitHub

- Cross-platform mobile app for managing device inventory and parcel tracking.
- Features secure login, QR code scanning, JWT authentication, and support ticket handling.

EDUCATION

Bachelor of Engineering (Electrical and Electronics Engineering),   **CGPA:7.95**(2020-2024)

Sri Krishna College of Engineering & Technology, Coimbatore
